JAVA FULL STACK DEVELOPER

Motivated and results-driven Java Developer seeking a challenging position within a organization. Offering a strong foundation in Java, Web Development, and Project Management, with a proven ability to drive efficiency, deliver successful outcomes and collaborate within cross-functional teams.

KEY SKILLS

Java	Spring Boot	JWT	Dockers	JavaScript
Core Java	Hibernate	Postman API	Git / GitHub	HTML5
DSA	JUnit	MySQL	Node.js	CSS
Rest APIs	Spring Security	Apache Maven	React.js	BootStrap

WORK EXPERIENCE

- **Web Development Intern**

Zidio Development | Feb 2024 - Mar 2024

In the internship I am collaborating with a team of experienced developers to develop and deploy two real-world projects.

KEY PROJECTS

- **CRM System**

Java Backend with Spring Boot | Sep 2023

Created RESTful APIs for managing customer data in the CRM system which allows the user to perform CRUD operations on customer records. Implemented new features, including automated Integration testing using JUnit and Mockito libraries.

- **School Management System**

Web Development | Oct 2023- Feb 2024

Developed a website for school management, which can be accessed/login by admin, teacher, parent, and student. It has features like recording live attendance, uploading/viewing result of students, paying student fees, etc. based on the User role.

- **Social Media Website**

Web Development | Oct 2023 - Present

In my final year of college, I led a dynamic web development project focused on creating a cutting-edge social media platform. I successfully implemented features such as real-time messaging and user profiles, prioritizing a responsive design for seamless user experience. Collaborating with a skilled team, I ensured data security through robust encryption.
